

Summer Symposium

2015

09.00 - 09.15	Welcome
09.15 - 09.25	Dr. Ronnie Gueta (Labor L+S AG)
09.25 - 09.35	Dr. Maria Zöller (Henning Arzneimittel GmbH & Co. KG)
09.35 - 09.45	Dr. Martin Seltmann (ACC GmbH Analytical Clinical Concepts)
09.45 - 09.55	Dr. Stefan Müller (VOSSIUS & PARTNER Patentanwälte Rechtsanwälte mbB)
09.55 - 10.05	Dr. Markus Peer (Bruker Daltonik GmbH)
10.05 - 10.15	Dr. Christian Popp (Syngenta Crop Protection)
10.15 - 10.25	Dr. Ortwin Guhling (Bayerische Staatsbibliothek)
10.25 - 10.45	Coffe break
10.45 - 11.25	Dr. Marco Trujillo (Leibniz Institute of Plant Biochemistry Halle) <i>PUB ubiquitin ligases – at the crossroads between vesicle trafficking and immune signalling</i>
11.25 - 12.05	Prof. Dr. Heribert Warzecha (University of Darmstadt) <i>How to make novel metabolites in plants</i>
12.05 - 13.00	Coffee and snacks
13.00 - 13.40	Prof. Dr Uwe Sonnewald (Friedrich-Alexander University of Erlangen-Nürnberg) <i>Host targets of viral proteins in plants</i>
13.40 - 14.20	Prof. Dr. Ekkehard Neuhaus (University of Kaiserslautern) <i>Sugar transport across the plant vacuolar membrane</i>
14.20 - 14.45	Coffe break
14.45 - 15.25	Prof. Dr. Alain Tissier (Leibniz Institute of Plant Biochemistry Halle) <i>Insights into the inner workings of a plant cell factory: the tomato glandular trichomes</i>
15.25 - 16.05	Prof. Dr. Caroline Müller (University of Bielefeld, Department of Chemical Ecology) <i>From target studies to metabolic fingerprinting: metabolic responses in plant-environment interactions</i>
16.05 - 17.00	Lab visit
17.00 - open end	Meet-the-Speaker BBQ

Thursday, 16.07

Julius-von-Sachs-Institute for Biosciences
Botanical Garden Würzburg / Seminarpavillon

All guests are welcome!

GK 1342 - Julius-Maximilians-Universität Würzburg
